Boulder Wall Gardens

WALPOLE, N. H.

Our hardy primrose gardens are open to visitors May 1 to 15. We are located on No. Main St. in the historic village of Walpole, N. H. in the Connecticut river valley, famous for its beautiful homes.

We grow many primroses each year, but of these less than 1% are saved for seed parents. The end result over the years has been a steady improvement in our stock.
